Camphor Essential Oil

Melanic Organic | Full Product Listing

Product Type	100% Pure Essential Oil
Botanical Name	Cinnamomum camphora
Extraction Method	Steam Distilled
Best Used For	Aromatherapy diffusing, diluted topical use, muscle rub blends
Free From	Synthetic fragrance, fillers, additives

Product Overview

Bring a cooling, camphoraceous freshness to your wellness routine with Melanic Organic Camphor Essential Oil. Steam-distilled from the wood of Cinnamomum camphora, this pure oil carries a sharp, penetrating, medicinal aroma widely recognized in traditional balms, rubs, and vapor blends. It's a popular choice for diffusing during cooler months and for blending into diluted muscle and chest-rub preparations.

Bottled from pure, unadulterated plant extract with no synthetic fragrance or additives, Melanic Organic Camphor Essential Oil is stored in protective dark glass to help preserve its potency. As with all concentrated essential oils, camphor oil is highly potent and must always be diluted before topical use.

Key Benefits

- Delivers a sharp, cooling, invigorating aroma when diffused
- Popular as a diluted addition to DIY chest-rub and muscle-rub blends
- May help promote a sense of clear, easy breathing when diffused
- Often used in traditional aromatherapy for cooler-weather blends
- Versatile for balms, salves, and topical blends when properly diluted
- Steam-distilled and unadulterated for a pure, potent aroma
- Dark glass bottle helps protect the oil from light exposure

Who Should Use This

- Aromatherapy users looking for a cooling, invigorating diffuser scent
- DIY crafters making diluted balms, salves, or muscle-rub blends
- Adults seeking a traditional, medicinal-style aroma for seasonal blends
- Experienced essential oil users comfortable following strict dilution guidelines

Not recommended for: infants, young children, pregnant or nursing individuals, or anyone with a history of seizures — camphor oil should not be used around or applied to infants and young children under any circumstances.

When & How to Use

Diffusing: Add 2-3 drops to an essential oil diffuser with water; use in well-ventilated spaces and limit diffusing time.

Topical use: Always heavily dilute with a carrier oil before applying to skin. Never apply camphor oil undiluted or in high concentrations.

DIY blends: Add sparingly to balm or salve bases intended for external use only, following a trusted, low-concentration recipe.

Never: ingest camphor oil, apply it undiluted, or use it on or near the face of infants or young children.

Key Ingredients

100% Pure Camphor Oil (Cinnamomum camphora): Steam-distilled from camphor wood, valued in traditional aromatherapy for its sharp, cooling, penetrating aroma.

Why Choose Melanic Organic

Purity You Can Trust — 100% pure, steam-distilled camphor oil with no synthetic fragrance or fillers.

Single-Origin Sourcing — We work with growers who cultivate camphor wood using sustainable, traditional practices.

Rooted in Nature, Backed by Care — We combine time-honored aromatherapy traditions with modern quality standards at every step.

Rigorously Tested — Our oils undergo quality testing to help verify purity and potency.

Protective Packaging — Bottled in dark glass to help shield the oil from light and preserve its natural potency.

Safety-Minded Labeling — We include clear dilution and usage guidance because camphor oil is a highly concentrated, potent essential oil.

IMPORTANT SAFETY INFORMATION: Camphor essential oil is highly concentrated and toxic if ingested. For external, diluted, and aromatic use only — never take internally. Do not use on or near infants or young children. Not for use during pregnancy or nursing without medical guidance. Individuals with a history of seizures should avoid use. Always dilute with a carrier oil before any topical application; never apply undiluted. Keep out of reach of children and pets. Avoid contact with eyes and mucous membranes. Consult a healthcare professional before use if you have any medical condition.
